1 Introduction

When purchasing goods, a user may hire brokers to assist them with the import and the customs procedures. To reflect this in the accounting, the user can create a broker invoice document - a service invoice based on costs added to the landed costs document.

1.1 Document Workflow

You can base a landed costs document either on a goods receipt PO or on an A/P invoice.

In the landed costs document, you define the supplier and the broker.

In the last step, you create an A/P invoice and base it on the landed costs.

Costs are recorded to allocation accounts defined in the following windows:

• Landed Costs - Setup window (Purchasing-A/P → Landed Costs → Costs tab → New Landed Costs button)

2 Creating Landed Costs with Broker

Prerequisite

You have created either a goods receipt PO or an A/P invoice on which you want to base the landed costs.

Procedure

1 Note

In this procedure, only steps that are relevant to the new functionality are described. For the detailed process on creating a landed costs document, see the online help for SAP Business One.

1. From the SAP Business One Main Menu, choose Purchasing - $A/P \rightarrow Landed Costs$.

In the header, define the *Supplier* and *Broker* fields.

Choose the *Copy From* button and select *Goods Receipt PO* or *AP Invoices*, depending on which document you want to base the landed costs.

Define the Code, Name, Allocation By, and Landed Costs Alloc. Account fields, and choose OK.

4. Define the other fields in the *Landed Costs* window as needed and choose *Add*.

3 Creating Broker Invoice

Prerequisite

You have created a landed costs document as described in Creating Broker Invoice.

Procedure

- 1. From the SAP Business One Main Menu, choose Purchasing $A/P \rightarrow A/P$ Invoice.
- 2. In the *Vendor* field, define the business partner.

1 Note

The vendor must be the same business partner as the one you defined in Broker field of the landed costs document.

3. Choose the *Copy From* button and select *Landed Costs*. Select the landed costs on which you want to base the broker invoice.

1 Note

You can copy all the costs from the landed costs into the broker invoice or make a selection of one or a few costs from the landed costs.

4. In the A/P Invoice window, choose Add.

4 Journal Entries Behind Landed Costs and Broker Invoice

- The journal entry created behind the landed costs debits the inventory account and credits one or more allocation accounts, depending on the costs the user has defined.
- The journal entry created behind the broker invoice debits the landed costs allocation accounts as well as the VAT value and credits the BP's control account.
